

AVO 3070 ULTRA CLEAN

FDA Registered with NDC: 76600-3070-1

HAND SANITIZER GEL

Description

AVO 3070, a Hand Sanitizer is an alcohol based specifically designed with GERM CONTROL Agents for an effective elimination of the number of pathogens such as viruses and bacteria from your hands. This is very important especially in the case of an infectious outbreak such as CORONA VIRUS PANDEMIC PLIGHT Globally when we can easily get infectious agents on our hands, and possibly transfer them into our body by touching our mouth, eyes, and nose. AVO 3070 is very effective in killing micro-organisms and tend to be much safer or softer on the skin than soap and water. Sanitizers mostly are alcohol based and not an absolute substitution for plain old hand-washing with soap and water. It should only be used when washing is not possible. NO Phosphates, Excellent Hard water tolerance, No Ammonia, & Very fast drying. . It can be used in automatic dispensing machines that virtually eliminate measuring and mixing which ensures correct dilutions. Product is stable, Biodegradable, Environmentally friendly, with shelf life of 2 years. **IT CLEANS & LEAVES EVERLASTING FRESH FRAGRANCE.**

Drug Facts

Active Ingredients

Isopropyl Alcohol (IPA) 75% -----Antiseptic

Purpose

Antiseptic

Inactive Ingredients

Glycerin, Hydrogen Peroxide, Acrylates/C10-30 Alkylacrylate Cross-polymer, Purified Water USP
